

## **Chocolates that GIVE BACK to the Community!**

The Give Back Box was created in 2012 by Susanne and Katie Anderson of Anderson's Candy Shop, as a way to raise money and awareness for the Family Health Partnership Clinic in McHenry County, IL.

Susanne and Katie lost their mother to complications of cancer. In 2006, their mother Ruth - fearing she could not afford the medical bills - postponed diagnosis of breast cancer. Again in 2009, after years in remission, Ruth again postponed doctors visits and the cancer came back. A retired teacher, Ruth thought treatment was out of her budget. By the time she saw a doctor, it was too late.

At the time, Susanne and Katie did not know what options existed for those in financial need. They did not know about places like the Family Health Partnership Clinic, but believe that if they had, things may have gone differently for their family.

**The Family Health Partnership Clinic provides free and low cost healthcare to the uninsured and underinsured. There are an estimated 20,000 residents who fall into those categories in McHenry County.**

**25% of every sale goes directly to the FHPC!**

The Clinic is run by a small staff who connects volunteer physicians, nurses and others from the community with those in need. The Clinic provides diagnostic services, vital medications and follow up services so that each patient receives the highest quality of care and is treated with dignity.

**The Give Back Box is designed to raise money and awareness. The Anderson's Candy Shop family wants the community to know that help is out there.**

Each Give Back Box includes more than a half pound of chocolate, including buttercreams, salted caramels and four of Anderson's signature Snappers (similar to a turtle). Since the campaign began, the Give Back Boxes have raised more than \$10,000 for the clinic! For more information about the Give Back Box and to order, visit **AndersonsCandyShop.com** or call **888-214-7614**. For more information about the Family Health Partnership Clinic call 779-220-99300 or visit **hpclinic.org**.
